

I am opposed to the SAVi proposal. It will affect amateur radio operators use of the 70 cm band. You should still consider amateur radio operators a part of our national resource base, which in time of need, will step forward to serve the nation, at no cost to the government and the people. Maintaining the spectrum for amateur radio operator use should be at the highest priority, even as other radio systems and programs are nurtured. The care and feeding of amateur radio operators does not take much. Thank you for your time.

Richard B. Kelly, w0zup

Assistant Emergency Coordinator, Eau Claire and Jackson Counties
